AP Biology Flashcard Quicklet Paul Sanghera 2008-05 Dr. Paul Sanghera, the best selling author of several books in science and technology, presents more than 300 flashcards in this book. It helps you master the core biology concepts and prepare for the AP Biology exam while learning the basic concepts: two in one. These flashcards are a great reference to basic biology concepts, quick review of your biology knowledge, and a great test for your readiness for the AP Biology exam. All the important concepts and terms are covered. Special features: *All the important concepts and terms for basic biology and the AP Biology exam are covered. *The depth and style of coverage makes these flashcards indexes into your memory so that if you go through these flash cards after reading a study guide, it's equivalent to going through the study guide once again, only in much less time. *The flashcards are student-friendly and self-contained and no reference to any other book is made. This means these cards work with any book and independent of any book. * These flashcards come in a book, not in a box of loose cards; so these are much easier to manage than those loose cards. No more loose cards, no more lost cards. *This book is designed as a convenient and portable reference for on-the-go studying. You can take it anywhere and use it when a time window becomes available. You will find it as a good and useful reference even after the exam for basic biology concepts. Author Bio Dr. Paul Sanghera, an educator, scientist, technologist, and an entrepreneur, has a diverse background in multiple fields including physics, chemistry, biology, computer science, and math. He holds a Master degree in Computer Science from Cornell University, a Ph.D. in Physics from Carleton University, and a B.Sc. with triple major: physics, chemistry, and math. He has taught science and technology courses all across the world including San Jose State University and Brooks College. Dr. Sanghera has been involved in educational programs and research projects in biotechnology and nanotechnology. He has authored and co-authored more than 100 research papers published in well reputed European and American research journals. As a technology manager, Dr. Sanghera has been at the ground floor of several technology startups. He is the author of several best selling books in the fields of science, technology, and project management. He lives in Silicon Valley, California, where he currently serves as Assistant Professor at California Institute of Nanotechnology.
