Real Estate Law in California Arthur G. Bowman 1978 "The 5th edition of Real Estate Law in California expands on the important areas of contracts in general, and the duties and responsibilities of real estate agents to their principals and buyers. The book further updates the newer code sections and cases in other areas such as deeds of trust, foreclosures and landlord-tenant laws. Strong emphasis is placed on real estate contracts and the text follows, chapter by chapter, the new Instructor's Guide and Student Study Guide published by the Department of Real Estate. It offers a considerable number of newer case and code citations along with specific court cases and examples. Stimulating questions at the end of each chapter reinforce major points and expand understanding. The book is easily read and understood. Beginning with an explanation of the law, it follows real estate transactions through to completion. Both the index and table of contents provide a quick guide to a particular area of the real estate law. As the authors explain in their Preface, 'As in previous editions, the main objective of this book is to acquaint all persons interested in real estate with the facts of California real estate law. It will give them a better understanding of and a thorough acquaintance with the principles of real estate law in this state'--Unedited summary from book cover.

California Real Estate Law William H. Pivar 2002-11 Known for its accessible approach to real estate law and comprehensive state specific information, this introductory text is a favorite with California Broker candidates. A Legal Guide for Lesbian and Gay Couples Hayden Curry 1989 America's estimated 20 million lesbians and gay men need to take specific legal steps to define and protect their relationships in the eyes of the law. This practical guide shows them how to: obtain domestic partner benefits-plan for medical emergencies-buy property together-provide for each other at death-understand the practical and legal aspects of having and raising children. The guide includes living together contracts, sample wills and a durable power of attorney. The updated 14th edition now includes a new chapter discussing the laws of states that offer an equivalent to marriage, plus information on ending such relationships.

Understanding Trusts and Estates, Fifth Edition (2013) Roger W. Andersen 2013-06-19 This volume updates earlier editions to continue offering efficient, yet comprehensive, coverage of the issues in a standard Trusts and Estates course. Although the book is designed primarily as a student supplement, some teachers have used it successfully as the primary text, supplemented by statutory materials, for both the basic course and for more specialized courses. The text's multi-layered structure allows students to use the book in different ways, depending upon their needs. Students using the book as a regular supplement to a casebook can read the text and ignore the footnotes until they need more examples or greater depth. The organization tracks the basic approach of most casebooks, and where it differs from an individual book, the comprehensive table of contents makes it easy to find what students need. By discussing many of the cases found in popular casebooks, the text helps students understand how specific issues fit in a bigger picture. The footnotes carry the student-centered approach a step further by briefly discussing tangential issues, offering additional examples, and again citing cases often found in casebooks. Even if the text does not discuss "their" case, often it will cite the case and place it in context. Each case citation includes a brief fact description to provide more examples of the way general principles can apply in specific situations. Further, the footnotes include numerous cross-references to other sections of the book, to help students identify the interconnections holding the subject together.

Bowker's Law Books and Serials in Print 1998

California Real Estate Principles Charles O. Stapleton 2004 Completely revised and thoroughly comprehensive, this is the brand new edition of the state's premier real estate licensing manual! Ideal for home study or classroom, for the prospective real estate broker or salesperson, for anyone seeking a solid foundation for building or maintaining a successful career! Book jacket.

Practical Real Estate Law Daniel F. Hinkel 2014-02-01 Gain a solid understanding of the role of today's real estate paralegal and the intricacies of real estate law and transactions using PRACTICAL REAL ESTATE LAW, 7th edition. This comprehensive resource provides students with clear explanations to help you understand the complexities of real estate law. The book's case-based approach explains legal principles using practical applications and the most current examples. Updates throughout this edition clarify the latest rulings and industry regulations, while case summaries illustrate how legal principles operate in today's world. New case problems and assignments offer practice in reading and analyzing case material. Meaningful discussions, checklists and well-illustrated forms guide students through all areas of modern real estate practice with an emphasis on important ethical concerns. Students develop a solid understanding of transactional real estate--from real estate contracts and brokerage relationships to surveys, title insurance, taxation and real estate finance as they relate to both residential and commercial processes.
