Multi-Tiered Systems of Support Lesley Sylvan 2020-10-13 Many school-based speech-language pathologists (SLPs) deal with large caseloads and limited resources. Taking on additional workload by implementing multi-tiered systems of support (MTSS) can seem overwhelming. Multi-Tiered Systems of Support: Implementation Tools for Speech-Language Pathologists in Education offers practical research-based tools that school-based SLPs can use to balance the high demands of their job with supporting general education students. This professional resource provides answers to a range of questions about policy implications, applicability of the framework to a speech-language pathologist's role in schools, and how an SLP can implement MTSS in their practice. Part I breaks down the important concepts of MTSS, while Part II is designed as an SLP MTSS Toolkit, featuring the collective wisdom of practitioners and researchers in the field. Throughout the text, readers will also find real-world snapshots of MTSS in action based on the experiences of actual SLPs in the field. Daily Higher-Order Thinking, Grade 1 Evan-Moor Educational Publishers 2018 Critical thinking skills are more important than ever in academic and real-world situations. Daily Higher-Order Thinking provides you with daily activities that build and grow students' problem-solving skills in engaging formats such as logic and visual puzzles, brainteasers, creative writing, picture comparison, word play, and "what if" questions. Daily 20-minute practice lessons help students apply critical thinking skills across subject areas. The lessons develop students' higher-order thinking skills and allow them to integrate their learning and make deeper connections between their learning and the real world. Use Daily Higher-Order Thinking for warm-up exercises, extension activities, early finisher tasks and small-group center activities to develop your students' critical and creative thinking skills. How it works: - Monday-Friday: Full-page daily activities focus on a specific behavioral verb each day. The verb is defined at the top of the page so students become aware of when and how they are using the thinking skill. - Each full-page activity gives students an opportunity to practice a higher-order thinking skill in the context of a different curriculum area. - Questions and tasks are open-ended and can be used to promote peer-to-peer discussions as students share and discuss answers, while also fostering critical thinking skills. - An answer key provides sample responses for each day's activities. Evaluate students' responses based on your own expectations and on what content your students have encountered. Grade 1 activities include: logic puzzles, language play, creative writing, drawing, and visual brainteasers. Daily lessons practice higher-order thinking skills such as: - Comparing - Grouping - Identifying - Inferring - Solving
