Grandma's on the Camino Mary O'Hara Wyman 2012-11-20 In Grandmas On the Camino, author Mary OHara Wyman, a 72 year old grandmother from San Francisco, relates her 2010 adventures walking 500 miles alone as a pilgrim on the Camino Frances. Her journey takes her from St. Jean Pied de Port in France, across the Pyrenees to Spain, then westward to the ancient spiritual destination of Santiago de Compostela. Readers will gain keen insight into the physical day to day rigors facing a walking pilgrim, as Mary endured several falls on the trails, a serious foot injury, copious rain, mud and unseasonal cold and hot weather. Grandmas On the Camino will inspire pilgrims and armchair readers of any age with Mary's adventures and coping mechanisms, calmness under pressure, humorous outlook on life and truly spiritual approach to walking the Camino Frances to Santiago de Compostela. You will walk as a pilgrim with Mary through every word in the book.

What's Wrong with Grandma? Margaret Shawver Every day, children of all ages are forced to confront the reality that a family member has Alzheimer's Disease. With so many adult discussions going on, a child sometimes feels left out and confused. What's Wrong with Grandma? speaks to the children trying to cope with an elder who's acting very strange. Young Ellen expresses, as only a child can, the frustration, sadness, and even anger felt toward Grandma's peculiar behavior, her lapses of memory, and her unexplained fears. But she also captures the warmth and humor of special moments the family shares with Grandma. The first person narration allows one to empathize with Ellen, her family, and Grandma. The student will gain a better understanding about Alzheimer's through Ellen's tale of frustration in coping with her grandmother. Use this book for study units about grandparents and terminal diseases, and read it aloud. Excellent in every detail - a must purchase. -Oklahoma Department of Education, Library Media Section Sensitive written, the book maintains a careful balance between expressing a child's honest perspective and retaining the dignity of the grandmother. -Boston Herald A sadly necessary, accurate child's perspective of a debilitating disease. -Booklist Although written for the older child, there is much in this book which younger children will find helpful. -Parent and Preschooler Newsletter We concentrate so much energy on the caregiver, the bereaved spouse, the health professional, ethics, etc., when we talk about Alzheimer's Disease that we may forget it affects young children as well. Ordinarily the response is to shield them from the disease. Children, by their very innocence, can bring out warmth and calm in the Alzheimer's person. They need some preparation and explanation. What's Wrong with Grandma? fits the bill nicely. -American Reporter

Grandma's Santo on Its Head / El santo patas arriba de mi abuelita Nasario García 2013-06-01 "Children and adults alike will enjoy Nasario's brilliant telling of the events that were part of his growing up. As I read the stories I heard Nasario's voice and I could see clearly the people and places he describes. I was reminded that the stories our grandparents told not only entertained us, they taught us valuable lessons. "The magic of storytelling is still with us. At home or in the classroom, stories such as these will spark the imagination and encourage reading." -Rudolfo Anaya, author of Bless Me, Ultima The popular cuentos that parents and grandparents in rural New Mexico once upon a time told their children are a rich source of the folklore of the region and offer satisfying entertainment. In this collection of bilingual stories about the Río Puerco Valley, where Nasario García grew up, he shares the traditions, myths, and stories of his homeland. He recounts stories of the evil eye and rooster racing, the Wailing Woman and the punishing of the santos. Preceding each tale is García's brief explanation of the history and culture behind the story.

A Long Way from Chicago Richard Peck 2004 A boy recounts his annual summer trips to rural Illinois with his sister during the Great Depression to visit their larger-than-life grandmother.

The World War II Homefront in Havana, Illinois H. Byron Earhart 2020-08 When H. Byron Earhart's father enlisted in the U.S. Navy in 1942, young Byron and his family moved into his grandparents' old-fashioned home with a coal-fired range and potbelly stove, and his mother took charge of the family business, a frozen food locker. Grandma was the undisputed head of the family. While his father served on the battleship USS Missouri, his grandparents and mother held the family and the business together. At Grandma's House is a tribute to everyday Americans who provided the social glue for a country at war as they balanced fear and anxiety for loved ones with the challenges and pleasures of daily life. The experiences of the Earhart family and this Midwestern community, supplemented by contemporary documents, family photos, and professional illustrations, recount with vivid local color the drama that played out on the national and international stage.

Packing Grandma's China Lana M. Tatom 2013-09-30 Somewhere along the way in life, you start to listen to that little voice. We are all on this journey together, growing, learning, and changing. As I stood in the kitchen of my dream home, looking out on the still water of the pond, I cried. Warm, salty tears streamed down my face as I told myself I could do this. "Just start with one box; don't get overwhelmed. Pack one box; stay focused." I started packing Grandma's china first. As I packed the china set, a flood of memories came of the countless times I had carefully wrapped up each piece and placed them into the box. It was at that moment that I decided to write about this beautiful set of china, all the experiences and lessons I have learned along my journey. It is through my grandmother's journey that I have found my own strength and freedom. Twenty years and thirteen moves later, the china is the only set of dishes I own. When was the last time you used your china? What are you waiting for? Don't leave it locked up, waiting for a special occasion. Make today the special occasion you have been waiting for. In loving memory of my Grandma, Veronica Billetz (January 13, 1922-December 13, 2009)

Don't Call Me Grandma! Ilene Leventhal 2015-11-12 To most people, the very word grandma conjures up images of old, blue-haired women in a flower-print apron and wearing sensible shoes in the kitchen, baking cookies. But times have changed. In her book *Don't Call Me Grandma! A Guide for the 21st-Century Grandmother*, author Ilene Leventhal dispels the stereotype of the so-called typical grandmother. Today's grandmother is so much more. They are socially active and even text and e-mail. They bring a whole new definition of cool, proving once and for all that some things never go out of style. *Don't Call Me Grandma!* is a handbook for the new generation of grandmothers, as well as mothers and even mothers-in-law. Blue hair has been traded for younger cuts, our baking for trips for fun fast food, and the flower-print aprons for tennis skirts, matching tops, and cute boots. *Don't Call Me Grandma! A Guide for the 21st-Century Grandmother* shows how to break out of that "old" image, and still bake cookies if you want. You can become someone who knows how to relate to her grandchildren. Your grandchildren will never think of you simply as "grandma" ever again.

What's Growing in Grandma's Garden Susan Soares 2019-07-29 A grandmother and her grandson share a love for gardening. They explore different plants including fruits, vegetables, and medicinal herbs. They also examine the bugs that come with gardening life including both good and bad bugs. One of grandma's favorite plants is cannabis. She uses the plant both for healing and for relaxation. She teaches the grandson about the reasons why some things are just for grownups. Children are smarter than we give them credit for (I know my grandchildren are!) and this book is a way for them to "just say know" when it comes to cannabis. Now that cannabis is legal in a majority of US States and opening up worldwide, it's time to start talking to our children about cannabis. Children are smarter than we give them credit for. That is the largest failure of D.A.R.E. when they used the motto "Just Say NO!" when they should have said, "Just Say KNOW!". Don't hide your consumption from your children. It's time to have a conversation with your children about cannabis and this book is a perfect way to talk about it!
